Introduction

In response to ARLINGTON CLASSICS ACADEMY's Form 470 bid #170075370, I'm providing information on an AT&T solution that may meet your requirements and qualify for E-rate funding. The solution includes the following components:

- AT&T Dedicated Internet is an Internet access service that combines a symmetrical, dedicated connection with consolidated application management. AT&T Dedicated Internet includes proactive, 24x7 network monitoring, enhanced network security features, and maintenance of the communications link between service locations and the AT&T network.

Features and Benefits

The solution gives you the following:

- **AT&T BusinessDirect®**—is an online portal that provides tools to let you manage your AT&T account and your contracted services 24x7. The tools automate many tasks by enabling your internal systems to interact directly with ours. As a result, you can save time by conveniently and securely managing your AT&T services anytime and minimize the need to make phone calls and wait for return calls.
- **Global IP Backbone Network**—connects businesses on 6 continents representing 99% of the world's economy. It's one of the world's most advanced and powerful IP backbones, carrying a full range of IP-based services. Our industry-leading network is the backbone for our integrated cloud solutions. And it's growing even stronger. We're moving from a hardware to software-centric model. This will help meet future needs and give our customers more flexibility and control of their networking services
- **Redundancy**—provides service availability of 99.999% to help ensure that your Internet traffic gets through. The design and proactive monitoring of our nationwide backbone network make it highly reliable. Because the network architecture features redundant routers, switches, and power supplies, we can reroute traffic around outages and restore service almost instantaneously.
- **World-Class Support**—includes 24x7 expert technical assistance, and we back our service with strong Service Level Agreements (SLAs) and provisioning intervals. This means that you can count on support and service when you need it.

E-rate Proposal for ARLINGTON CLASSICS ACADEMY (Bowen Rd)

Advantages of AT&T

Working with AT&T gives you the following advantages:

- **E-rate Experience**—AT&T has participated in the E-rate program for schools and libraries since the program's inception in 1998, and we're one of the program's largest service providers. We're proud to bring our technology, expertise, E-rate knowledge, and education experience to your school or library, helping expand affordable access to advanced telecommunication services. For more information about AT&T and its participation in the E-rate program, go to www.att.com/erate and download the E-rate brochure.
- **Service and Support**—We offer you easy access to assistance, whether through online tools or by phone. You also get support and guidance from highly trained staff with years of networking experience. Our account teams, who work closely with you, are dedicated to the education industry and are well versed in the issues and challenges that today's educators face.
- **Performance**—You expect communication services that work, and we can deliver. We've made substantial investments each year to improve our technology infrastructure so that we can provide superior performance.
- **Complete Solutions**—AT&T offers a wide range of solutions. We can work with a variety of products and technologies and can assess your needs to recommend potential solutions.
- **Community Focus**—At AT&T, we're proud of our strong record of corporate citizenship. Annually, we contribute millions of dollars through corporate, foundation, and employee giving to support education and community programs.

E-rate Proposal for ARLINGTON CLASSICS ACADEMY (Bowen Rd)

Solution Pricing

Pricing is based upon the service address: 5200 S Bowen Rd, Arlington, TX 76017.

Changes in location may cause delay in implementation and/or additional cost.

Pricing for AT&T Dedicated Internet is based on the following term: **12 months**

Note: MRC = monthly recurring charge and NRC = non-recurring charge

MRC for 250 MB Internet including AT&T Managed Router	\$3,957.28
MRC for 300 MB Internet including AT&T Managed Router	\$4,853.32
MRC for 500 MB Internet including AT&T Managed Router	\$6,906.93

Pricing for AT&T Dedicated Internet is based on the following terms: **24 & 36 months**

Note: MRC = monthly recurring charge and NRC = non-recurring charge

MRC for 250 MB Internet including AT&T Managed Router	\$1,460.00
MRC for 300 MB Internet including AT&T Managed Router	\$1,754.00
MRC for 500 MB Internet including AT&T Managed Router	\$2,180.25

The Non-Recurring Charge (NRC) is \$750.00 for all bandwidths and all terms.

Service is provided via a switched Ethernet circuit. Upgrades are permitted during the contract period without a new contract. If an upgrade is requested during the contract period and the contracted transport (local access) will not accommodate the upgrade, an addendum/amendment will be required. E-Rate LCP rates in effect at the time of the upgrade will apply to both the port and the transport.

Prices quoted do not include applicable communication fees and taxes.

The customer is responsible for the provisioning and monthly cost of one phone line for management and troubleshooting of the managed service and router.

32 IP addresses can be provided, or more if needed. There is no cost for additional IP addresses. ADI SLA has an availability of 99.999%.

AT&T offers a web-based customer application via our BusinessDirect platform at no cost, which can be used for network monitoring and support as needed.

E-rate Proposal for ARLINGTON CLASSICS ACADEMY (Bowen Rd)

Product	Service Provider Identification Number (SPIN)
AT&T Dedicated Internet	143001192

Important Information

AT&T Dedicated Internet is provided by AT&T Corp. For ADI with Managed Router, installation charges are waived for telephone-supported installation; the customer is responsible for the provisioning and monthly cost of one phone line for management and troubleshooting of the managed service and router. AT&T may provide Entrance Facility Construction (EFC) for eligible customers, as explained in Section GP-15 of the AT&T Business Service Guide General Provisions. Customers who do not qualify for AT&T EFC are responsible for providing the conduit/structure as well as the path from the property line to the demarcation point for access to the primary route.

Proposal Validity Period—The information and pricing contained in this proposal is valid for a period of 90 days from the date written on the proposal cover page or until the E-rate filing window closes for the upcoming E-rate Funding year, whichever occurs later, unless rescinded or extended in writing by AT&T. **Proposal Pricing**—Pricing proposed herein is based upon the specific product/service mix and locations outlined in this proposal, and is subject to AT&T's proposed terms and conditions for those products and services and the AT&T E-rate Rider unless otherwise stated herein. Any changes or variations in the proposed terms and conditions, the products/services, length of term, locations, and/or design described herein may result in different pricing. Prices quoted do not include applicable taxes, surcharges, or fees. In accordance with the tariffs or other applicable service agreement terms, Customer is responsible for payment of such charges. **Providers of Service**—Subsidiaries and affiliates of AT&T Inc. provide products and services under the AT&T brand. **Copyright Notice and Statement of Confidentiality**—© 2017 AT&T Intellectual Property. All rights reserved. AT&T, the AT&T logo, and all other AT&T marks contained herein are trademarks of AT&T Intellectual Property and/or AT&T affiliated companies. All other marks contained herein are the property of their respective owners. The contents of this document (except for the pricing applicable to E-rate funded services) are unpublished, proprietary, and confidential and may not be copied, disclosed, or used, in whole or in part, without the express written permission of AT&T Intellectual Property or affiliated companies, except to the extent required by law and insofar as is reasonably necessary in order to review and evaluate the information contained herein. **Disclaimer**—For purposes of this Proposal, the identification of certain services as "eligible" or "non-eligible" for Universal Service ("E-rate") funding is not dispositive, nor does it suggest that this or any other services in this Proposal will be deemed eligible for such funding. Any conclusions regarding the eligibility of services for E-rate funding must be based on several factors, many of which have yet to be determined relative to the proposed services and equipment described herein. Such factors will include, without limitation, the ultimate design configuration of the network, the specific products and services provisioned to operate the network, and the type of customer, and whether the services are used for eligible educational purposes at eligible locations. In its proposal, AT&T will take guidance from the "Eligible Services List" and the specific sections on product and service eligibility on the Schools and Libraries Division ("SLD") of the Universal Service Administrative Company ("USAC") website www.usac.org/si. This site provides a current listing of eligible products and services, as well as conditionally eligible and ineligible services. This guidance notwithstanding, the final determination of eligibility will be made by the SLD after a review of the customer's E-rate application for this proposal. If AT&T is awarded the bid for this project, AT&T will provide assistance on the E-rate application solely on matters relative to the functionality of the services and products which comprise the network. Nevertheless, the responsibility for the E-rate application is with the customer. AT&T is not responsible for the outcome of the SLD's decision on these matters. **Broadband Internet Access**—For information about AT&T's broadband Internet access services, please visit www.att.com/broadbandinfo. **End User Equipment**—Beginning with funding year 2015, E-rate recipients must cost allocate non-ancillary ineligible components that are bundled with eligible products or services, including those end user device components that previously would have fallen within the scope of components not requiring cost allocation as described in the 2010 Clarification Order. Cost allocations are the responsibility of E-rate Applicants. For additional information, reference USAC/SLD website @ <http://www.usac.org/si> and Cost Allocation Guidelines for Services @ <http://www.usac.org/si/applicants/beforeyoubegin/eligible-services/cost-allocations.aspx>. Equipment availability and pricing is subject to change based on when plans are activated.
